Sahih Muslim Jul 31 2022 Sahih Muslim is a collection of sayings and deeds of Prophet Muhammad (pbuh) (also known as the sunnah). The reports of the Prophets sayings and deeds are called ahadith. Muslim lived a couple of centuries after the Prophet's death and worked extremely hard to collect his ahadith. Each report in his collection was checked for compatibility with the Quran, and the veracity of the chain of reporters had to be painstakingly established. Muslims collection is recognized by the overwhelming majority of the Muslim world to be one of the most authentic collections of the Sunnah of the Prophet (pbuh). Muslim (full name Abul Husain Muslim bin al-Hajjaj al-Nisapuri) was born in 202 A.H. and died in 261 A.H. He travelled widely to gather his collection of ahadith, including to Iraq, Saudi Arabia, Syria, and Egypt.

Murder in the Name of Allah Mar 03 2020 Murder in the Name of Allah is the first translation into English of Mazhab Ke Nam Per Khoon, a re-affirmation of the basic tenets of Islam. Hardly a day passes on which an Islamic event does not make headlines. The president of a Muslim country is assassinated by the supporters of Muslim brotherhood; a European journalist is taken hostage by Islamic Jihad; a Pan-American aircraft is hijacked by another Muslim group; American university professors are taken into

custody by Hezbollah; Two passenger carrying airplanes were slammed in to world trade center. The glare of 'Islamic' revolution in Iran is reflected through the flares of every gulf oil refinery. This book is a reminder that the purpose of any religion is the spread of peace, tolerance and understanding. It argues that the meaning of Islam—submission to the will of God—has been steadily corrupted by minority elements in the community. Instead of spreading peace, the religion has been abused by fanatics and made an excuse for violence and the spread of terror, both inside and outside the faith. In confirming the true spirit of Islam, it makes the point to followers of all religions that the future of mankind depends on the intrinsic values of love, tolerance, and freedom of conscience and of belief.

The Mysteries of Allah and His Muhammad Oct 29 2019 The Mysteries of Allah and His Muhammad is indeed a scanty summary of a potentially great debate. However unwieldy or incomprehensible the actual details may be, certain contexts of

the whole or part can always be identified for discussion. In the physique of mankind, Allah manifests. He does so on nature glaringly, just as is inferred from various sections of the book. Whilst He does, the divinity of a being "not more than a prophet" is also undoubtedly established. That co-joining of the One and Only Creator and a creation (a man, Muhammad), who coincidentally is most positively and negatively controversial, should interest those who consider man to be the meanest of God's creations. That we may not discount knowledge of any sort, even that considered most sacrilegious (science), God's inspiration to a mortal being (Muhammad) corroborates too many ideas put forth by scientists or intellectuals' discoveries and postulations. What a mystery that the lightbulb, which in theory and description was already encoded in the Quran more than a thousand years ago, before one bulb ever rolled out in a factory! Only simple minds take things for granted and give no thought to the grandiose schemes of our world and its elements. This book serves as a jolt to those who oversimplify "what is" or the mysterious.

The 99 Names of Allah Nov 30 2019 In the first volume of the Sacred names series : "The 72 Names of God: The 72 keys to Transformation" I discuss the power of the name. Knowing a name gives you power. In this book we will discuss the 99 names of Allah, what they are, and how to use them to instill in yourself with the power of God. Throughout the mystical traditions of the world, several traditions stand out as luminaries. One of these

luminous traditions is Sufism. Sufism is the mystical tradition of the Muslim faith. Like any spiritual tradition, mystical interpretations are often hinted at in the main body of religious texts, but other books are needed to decipher the inner mysteries of an established canon. This applies to Islam as well. Islam's main holy book is the Quran. A beautifully written and deep tome. Often, in the west we do not see the depth of Islam because it has been shrouded in the deeds of a few radical people who have lost the true spirit of the Quran. This is a shame because the Quran is quite a deep book. It is much more than a book on how to conduct one's life. It is a manual for divine enlightenment. Its deeper mysteries are hidden in the text and voluminous works like the Hadith are used to tease them out. In the Hadith it discusses the 99 names of God. These names are essentially 99 qualities that God possess. These names are meant as guides in our own life. If you have ever seen picture of Muslims holding beads in their hands, those beads are used to chant the 99 names of Allah. This tradition is very much embedded in Islamic tradition. In this book, we will learn how to tap into the 99 names of Allah and acquire the 99 divine qualities.

They are perfectly complete and your body is sound! What is the matter with you? What used to keep you going? What worked in you to make you alive? What caused you to die? What stopped you now from moving? Then he left his camel in amazement, wondering what had happened to it. There are traces of past and present creations everywhere — are they meaningless or living signs of a Creator God?

Peace in the Name of Allah Nov 10 2020 From Anwar al-Sadat's dramatic gambit in 1977 to the surprising declaration of the Abraham Accords in 2020, making peace with Israel was always a tough sell for Arab regimes. Through an analysis of hundreds of fatwas, sermons, essays, books, interviews, poems, postage stamps and other media, Peace in the Name of Allah examines how Egyptian, Jordanian, and Emirati political and religious authorities introduced Islamic justifications for peace with Israel, and how those opposed countered them. The discussion demonstrates the flexible and ambiguous nature of revelation-based political discourses; Islam is neither 'for' nor 'against' peace with Israel — people are, as different Muslim political actors take competing or even contradictory positions.
