The Legacy of Lehr Jul 05
2020 Best known for her beloved Deryni series, Katherine Kurtz rockets into new territory in this breathtaking science fiction murder mystery. The interstellar cruiser Valkyrie has been ordered to take an unexpected detour from its normal route to pick up a strange and valuable cargo. Capt. George Lutobo cannot disobey the commands of his emperor, but the idea of bringing four huge, blue-furred lionlike creatures onboard a

luxury vessel makes the captain uneasy. Nor does he trust the big cats' escorts, husband and wife scientists Mather Seton and Wallis Hamilton. Though these magnificent felines possess remarkable psychic abilities and are worshipped as deities on their home planet—and, for that reason, are essential components of the diplomatic negotiations between worlds—they are nevertheless frighteningly dangerous beasts, powerfully built, with razor-sharp claws and teeth. Soon after the creatures' arrival, the discovery of a dead passenger, ripped to pieces and clutching a clump of blue fur, seems to justify Captain Lutobo's fears.

The killings continue, each as savage as the last, though Seton and Hamilton insist that the great felines could never have escaped from their cages. But the dark mystery only deepens when one of the imprisoned cats is murdered—the manner of its death impossible to fathom—and one terrible truth becomes frighteningly clear: No one and no thing is safe any longer aboard the Valkyrie. Thrilling, surprising, and marvelously inventive, Katherine Kurtz's *The Legacy of Lehr* is an exciting science fiction adventure that displays a daringly different side of the acclaimed fantasist best known for her popular *Deryni* and

The Military Legacy of the Civil War Jan 11 2021 This pioneering study focuses on the experiences and writings of the surprisingly large number of Prussian, British, and French military observers who witnessed the Civil War firsthand. Luvaas's fascinating account reveals why they came, what they wrote, what their armies learned (or failed to learn) from their reports, and how their writings influenced later European military theorists. For this edition, Luvaas has added a thoughtful

introduction that analyzes why some "military lessons" are learned and others ignored and examines the extent to which such lessons can be applied to subsequent conflicts.

The Legacy of Rousseau Mar 01 2020 Few thinkers have enjoyed so pervasive an influence as Rousseau, who originated dissatisfaction with modernity. By exploring polarities articulated by Rousseau—nature versus society, self versus other,

community versus individual, and compassion versus competitiveness—these fourteen original essays show how his thought continues to shape our ways of talking, feeling, thinking, and complaining. The volume begins by taking up a central theme noted by the late Allan Bloom—Rousseau's critique of the bourgeois as the dominant modern human type and as a being fundamentally in contradiction, caught between the sentiments of nature and the demands of society. It then turns to Rousseau's crucial polarity of nature and society and to the later conceptions of history and culture it gave rise to. The third part surveys

Rousseau's legacy in both domestic and international politics. Finally, the book examines Rousseau's contributions to the virtues that have become central to the current sensibility: community, sincerity, and compassion. Contributors include Allan Bloom, François Furet, Pierre Hassner, Christopher Kelly, Roger Masters, and Arthur Melzer.

The Legacy of the Cold War Jan 23 2022 The unexpected end of the protracted conflict has been a sobering experience for scholars. No theory had anticipated how the Cold War would be terminated, and none should also be relied upon to explicate its legacy. But instead of relying on preconceived formulas to project past developments, taking a historical perspective to explain their causes and consequences allows one to better understand trends and their long-term significance. The present book takes such

perspective, focusing on the evolution of security, its substance as well as its perception, the concurrent development of alliances and other cooperative structures for security, and their effectiveness in managing conflicts. In The Legacy of the Cold War Vojtech Mastny and Zhu Liqun bring together scholars to examine the worldwide effects of the Cold War on international security. Focusing on regions where the Cold War made the most enduring impact—the Euro-Atlantic area and East Asia—historians, political scientists, and international relations scholars explore alliances and other security

measures during the Cold War and how they carry over into the twenty-first century.

*Includes pictures *Includes a bibliography for further reading "If you do not know where you're going, you should know where you come from." - Old Gullah Proverb Charming drawls, bluegrass bops, NASCAR, mouthwatering

barbecues, and the Great Smoky Mountains are all customs that make America's Deep South home to some of the most vibrant, powerfully evocative, and culturally rich subregions on the continent, tethered to a heritage that rose from the ashes of the Civil War. There exists, however, a lesser-known, but equally indispensable subculture based within a 500-mile radius of the coastal South Atlantic states and Sea Islands. These culture bearers, who refer to themselves as the Gullah Geechee, or the "Gullah" for short, are the descendants and rightful heirs of the once-shackled slaves who resided in these parts. As the guardians

and torch holders of the incredible legacy left behind by their persevering ancestors, the modern Gullah spare no effort in preserving the inherently unique customs and traditions, complete with their own creole tongue, that have been passed down from one generation to the next. Of course, the first Gullah people were not natives of the Deep South, nor were they eager immigrants who willingly crossed the North Atlantic in the hopes of landing opportunities available only in the "land of the free." Rather, the Gullah were normal, everyday people who were forcibly extracted from their homes and shipped like chattel

to a foreign land, where they were sold, purchased, and put to work on plantations, mines, factories, and elsewhere. Simply put, they were an ill-starred, yet fiercely diligent people who made the most out of their unimaginably horrific fates, constructing their own colorful customs and a remarkable legacy for their future successors. A number of notable figures have been linked with the Gullah in recent years. Michelle Obama, for instance, is said to be a descendant of a Gullah slave who once dwelled in a cotton plantation in the Low Country region of South Carolina. Little Melvinia was no older than eight when she arrived at the

plantation of one Henry Wells Shields, soon after adopting the surname of her "master," as per the customs of the mid-19th century. A teenaged Melvinia was ripped from her home once more in 1852 and relocated to Georgia, and it was there that she was impregnated by a white man and gave birth to the great-great-grandfather of the former First Lady. South Carolinian boxing icon Smokin' Joe Frazier and Cleveland Browns legend Jim Brown of St. Simons Island, Georgia also share Gullah blood. The Gullah: The History and Legacy of the African American Ethnic Group in the American Southeast examines the origins of the people, their

culture, and how their history has winded over the centuries. Along with pictures depicting important people, places, and events, you will learn about the Gullah like never before.

The Legacy of Eden Dec 30 2019 For generations, Aurelia was the crowning glory of more than three thousand acres of Iowa farmland and golden cornfields. The estate was a monument to matriarch Lavinia Hathaway's dream to elevate the family name—no matter what relative or stranger she

had to destroy in the process. It was a desperation that wrought the downfall of the Hathaways—and the once-prosperous farm. Now the last inhabitant of the decaying old home has died—alone. None of the surviving members of the Hathaway family want anything to do with the farm, the land or the memories. Especially Meredith Pincetti. Now living in New York City, for seventeen years Lavinia's youngest grandchild has tried to forget everything about her family and her past. But with the receipt of a pleading letter, Meredith is again thrust into conflict with the legacy that destroyed her family's once-great name. Back at Aurelia,

Meredith must confront the rise and fall of the Hathaway family...and her own part in their mottled history.
