99 Tips to Get Better at Spearfishing Jul 25 2022 *99 Tips to Get Better at Spearfishing* is the ultimate spearfishing book Sourced from 3 years interviewing the worlds best spearos. This guide has one goal, to make you a better a spearo Fully Illustrated with love by some of the worlds best spearfishing photographers as well as submission from the Noob Spearo community *99 Tips* is jammed packed with tips, tricks and advice from spearfishing legends like Chris Coates (South Africa), Jim Russell (California), Darren Shields (New Zealand) and many more. This book will teach you something and improve your spearfishing. To bring it all together we recruited the talented Skye Bailey. The Graphic designer behind *Spearing Magazine* and it looks amazing to say the least. This book was 300% funded on Kickstarter and our earliest unillustrated ebook edition of *99 Tips to Get Better at Spearfishing* still rates as one of the most popular spearfishing books on Amazon. Reader Reviews"(99 Tips is) a really good collection of tips for spearfishing. The book is well written and the authors have a good sense of humour that makes it an easy read. I am new to spearfishing and this book has a lot of information that will help me improve. I have also been working my way through the noobspearo podcast that the authors run, and although it is not necessary to understand the book, I would recommend readers also listen to the

podcasts; mainly because they are good both in an informative and entertaining manner. On the podcasts they interview renowned spearfishers and a lot of the tips are direct from their mouths. A lot of the tips are covered in the podcasts but the reason I like this book is it is a concise collection of the best tips from over 40 hours of interviews and triggers my memory of the more in depth discussion on the podcast. Also having the points itemised helps me to pick one or two points I want to work on when I go for a dive rather than trying to work on 10 things at once. Strongly recommend for all spearfishing enthusiasts particularly for those that are newer to the sport." - NJ McKeon " I was featured in a book, therefore I might be biased, but here is my opinion. The book is a very fine guide to broaden your spearfishing perspective. If you did your research then you know that there is an abundance of other pieces on spearfishing which go into nonsense like 'this is a gun. The gun has a shaft. The shaft flies towards the fish. The fish tries to get away. But here we have something very different. I think the goal of '99 Tips to Get Better At Spearfishing' is to bring to your attention the 'down to earth' knowledge and ideas about spearfishing. Meaningful stuff, something that always affected your dives but you hadn't been paying attention to it up until now. Furthermore, the book defines an interesting 'aura' for your further readings/research. Although the book is aimed at features a wide perspective on spearfishing, it has an inclination towards the ocean hunting. Which, in some cases, might not directly attribute to your (fresh water spearfishing routine) but will give you an insight on what to do in your

'ocean days'. Overall a very interesting read, which could greatly improve your underwater performance." - Anvar Mufazalov " After getting into the Noob Spearo Podcast I bought the 99 Actionable Tips book and have been down here in the sea of Cortez doing some hunting. My bottom times have been way up and I shot my first Pargo! Thanks for the awesome tips and support from down under!!" - Pete Denton Join the free Noob Spearo spearfishing community at noobspearo.com Find Spearfishing 'How To' articles, blogs and podcasts Connect with us on Social. Change your life: A Guide to success and enjoyment Nov 24 2019 Transformation is a door, which can only be opened from the inside. Most of us see improvement potential in certain areas of life. Yet we often lack inspiration, willpower and resilience to realize our ambitious plans. In fact it is very easy to cultivate new routines once we obtained clarity about behavioral patterns, our personality and individual goals. Johann Zillmann takes us on

a journey to ourselves. The starting point is the insight that life itself means change. Also, striving for a better existence in primeval and has to be done in a self-responsible way. This implies that we know where we are from, who we are and where we want to go. Based on the vision we can develop plans and execute them. Finally the circle closes by acknowledging that we have to change continuously, challenge our objectives, adjust our plans and align our actions respectively. As soon as we proactively trigger transformational processes, we become the captain of our own ship and can navigate in an agile way. Change your Life is thus a practical guide for everyone, who expects more than mediocracy. It is an ode to life and the creative forces within us.

HowExpert Guide to Vegan Food for Non-Vegans Jun 12 2021 HowExpert Guide to Vegan Food for Non-Vegans takes a unique approach to vegan cooking. Instead of focusing on veganism as a diet or lifestyle, this book approaches it as a cuisine. The belief is that by

viewing it through that lens, resistance to trying the cuisine can be reduced. This book consists of recipes, tips, and important reminders for those interested in going vegan entirely. Still, most importantly, it is for those who either want to eat some vegan food or those who are trying to increase the number of healthy options they make for their friends and family. While there are a few tips that may only resonate with readers trying to transition fully to a vegan diet, these tips are still presented in a way that allows them to provide nutritional information that would benefit all readers. The writing style in this book has hints of sarcasm, bits of corny humor, and above all, is intended to come off as inclusive. The author, who was vegan for some time, is no longer vegan and can present the case for increasing the amount of vegan food you eat without some of the forced tones that some may associate with the cuisine. There was also some time devoted to dispelling (or confirming) some of the myths related to vegan food. About the Expert Tim Fedorko is a freelance restaurant consultant and food writer who currently resides in Nashville, TN. Raised in Florida, he has spent nearly two decades in the restaurant industry. Spending time as a chef in a few high-volume corporate restaurants and later opening several of his own concepts. Among them, a successful vegan café and bakery. Tim transitioned from the restaurant industry into writing after moving to Tennessee during the pandemic to be closer to his parents.
