413 Sep 18 2021 There are probably not two more polar opposite genres than rap music and drag racing. The author is by no means an authority on either. By 2012, it was apparent that the United States was facing many problems. The laundry list included: jihadists, unemployment, health care woes, unconstitutional and unchallenged moves by government officials,... the list seems endless. Yet at the core of the nation's ills was the over arching issue of right and wrong. How is it defined? And who defines it ? Into this maelstrom of chaos, the characters herein find themselves cast. Nearly 50 years after the radicals of the 1960's found their answers 'blowing in the wind' , what has America become ? The D&J Racing team of Mountain Home, Va., find themselves ensnared in a world far beyond 1/4 mile races. One will lose life because of it. And what of the children who walk through the land where selfish pleasure dominates each individual's daily life. Sarah and Micah are about to find out. There are others who live outside the 'tranquil' world of Mountain Home. They have been gifted to live in the fast lane of 'pop culture'. Wealthy, yet morally bankrupt, the FATFISTS and BARON ALLs of the world are about one thing- PLEASURE- regardless of the cost. If there money to be made at the expense of the innocence of children-so be it. Then there are the Runks...an inter-city detective and his wheelchair bound wife. Discredited and dismissed by those in power, they become the embodiment of Philippians 4: 13 - "I can do all things through Christ who strengthens me."

Lemon-Aid New Cars and Trucks 2012 Nov 08 2020 Phil Edmonston, Canada's automotive "Dr. Phil," pulls no punches. He says there's never been a better time to buy a new car or truck, thanks to a stronger Canadian dollar and an auto industry offering reduced prices, more cash rebates, low financing rates, bargain leases, and free auto maintenance programs. In this all-new guide he says: Audis are beautiful to behold but hell to own (biodegradable transmissions, "rodent snack" wiring, and mind-boggling depreciation) Many 2011-12 automobiles have "chin-to-chest head restraints, blinding dash reflections, and dash gauges that can't be seen in sunlight, not to mention painful wind-tunnel roar if the rear windows are opened while underway) Ethanol and hybrid fuel-saving claims have more in common with Harry Potter than the Society of Automotive Engineers) GM's 2012 Volt electric car is a mixture of hype and hypocrisy from the car company that "killed" its own electric car more than a decade ago) You can save \$2,000 by cutting freight fees and "administrative" charges) Diesel annual urea fill-up scams can cost you \$300, including an \$80 "handling" charge for \$25 worth of urea) Lemon-Aid's 2011-12 Endangered Species List: the Chinese Volvo, the Indian Jaguar and Land Rover, the Mercedes-Benz Smart Car, Mitsubishi, and Suzuki
