Vimana Aircraft of Ancient India & Atlantis Jun 03 2020 Did the ancients have the technology of flight? In this incredible volume on ancient India, authentic Indian texts such as the Ramayana and the Mahabharata, are used to prove that ancient aircraft were in use more than four thousand years ago. Included in this book is the entire Fourth Century BC manuscript Vimaanika Shastra by the ancient author Maharishi Bharadwaaja, translated into English by the Mysore Sanskrit professor G.R. Josyer. Also included are chapters on Atlantean technology, the incredible Rama Empire of India and the devastating wars that destroyed it. Also an entire chapter on mercury vortex propulsion and mercury gyros, the power source described in the ancient Indian texts. Not to be missed by those interested in ancient civilizations or the UFO enigma. Tons of illustrations!

Popular Hinduism, Stories and Mobile Performances Nov 08 2020 This book addresses the recent transformations of popular Hinduism by focusing upon the religious cum artistic practice of Ramkatha, staged narratives of the Ramcharitmanas. Focusing on the sensory and media experiences, the author

examines the aesthetics and dynamics of the Ramkatha ethnoscape through participant-observation in everyday practices, and how it particularly, translates politics from the realm of religion. Besides being socially constructed, the Ramkatha heavily relies on technologies for its production and continuation. Negotiated through a telling of Hindu religious stories, the mediated voice of Morari Bapu, a former school-teacher turned narrator, is a major medium of performance transposed into multiple media such as theatre, stage, music and spectacle. The book engages with voice as a vehicle of meaning to scrutinize its discursive production, imagination and re-production across mobile contexts. It investigates how the transnationally disseminated practices re-contextualize religious subjectivities of an affective community enmeshed in spatio-sensorial modes. The book will be of interest to academic audiences in the fields of South Asian Studies, Anthropology, Sociology, as well as Performance Studies and Religious Studies.
