Rewrite Man Jan 23 2022 In Rewrite Man, Alison Macor tells an engrossing story about the challenges faced by a top screenwriter at the crossroads of mixed and conflicting agendas in Hollywood. Whether writing love scenes for Tom Cruise on the set of Top Gun, running lines with Michael Keaton on Beetlejuice, or crafting Nietzschean dialogue for Jack Nicholson on Batman, Warren Skaaren collaborated with many of New Hollywood's most powerful stars, producers, and directors. By the time of his premature death in 1990, Skaaren was one of Hollywood's highest-paid writers, although he rarely left Austin, where he lived and worked. Yet he had to battle for shared screenwriting credit on these films, and his struggles yield a new understanding of the secretive screen credit arbitration process—a process that has only become more intense, more litigious, and more public for screenwriters and their union, the Writers Guild of America, since Skaaren's time. His story, told through a wealth of archival material, illuminates crucial issues of film authorship that have seldom been explored.

Rewriting Rewriting Oct 20 2021 Although the storytelling of any time rewrites itself, rewriting became a primary concern in the literature of the twentieth century, an era characterized as having quoted, reenacted, cannibalized, revised, redone, refurbished, and outright plagiarized the texts of earlier times. The modern obsession with literary reiteration manifests itself in a rather unique way in the narratives of Marguerite Duras, Annie Ernaux, and Marie Redonnet. These authors systematically and repeatedly rewrite their own texts, and in so doing, give evidence of three of the more salient aspects of twentieth-century French literature: a trend toward the representation of multifaceted selves, a desire to reevaluate the literary paradigm, and an acute concern for the unreliability of language. This book argues that the rewriting performed by Duras, Ernaux, and Redonnet moves beyond the tacit rewriting that occurs in any text toward a renovation of various features of the literary arena within which they circulate. Cathy Jellenik argues that all writing contains rewriting - an argument grounded in the theoretical apparatuses of Saussure, Bakhtin, Benveniste, Barthes, Kristeva, and Derrida. She then examines and interrogates the ways in which Duras, Ernaux, and Redonnet use rewriting to question and rethink the literary traditions they inherit. Jellenik suggests that the rewriting projects of Duras, Ernaux, and Redonnet promise to lead them, and their readers, toward the creation of a new literary aesthetic capable of responding to the questions of our times.

Writing Awesome Answers to Comprehension Questions (Even the Hard Ones) May 03 2020 Help students appreciate texts and write about them with conviction. Responding to a comprehension question is a surprisingly complex task. It draws on multiple skills: students must be able to read and analyze a text passage; consider what aspect of the text the question addresses; and then quickly and concisely write about their ideas, citing evidence to support them. Hence the prominence of constructed-response questions in standardized testing. In this refreshingly clear and upbeat guide, literacy consultant Nancy Boyles gives a step-by-step demonstration of how to help students achieve success with this task—and in the process of unpacking the steps involved, demonstrates how the instruction can inspire teachers' creativity as well as deepen students' literacy skills. Filled with ready-to-use scaffolds for every stage of instruction—sets of sample questions, anchor charts, cue cards, answer frames—this is a one-stop resource for teaching students how to organize their thoughts about what they've read, and then set them down in writing.

The authors have grappled with the complex task of putting problem-based curricula into practice. They report here the difficulties they faced, the factors contributing to their successes, and the lessons they have learned.

The Postcolonial Rewriting of Colonial Stories Aug 25 2019 Bachelor Thesis from the year 2010 in the subject English Language and Literature

Studies - Literature, grade: 1,0, University of Leipzig (Institut für Anglistik), language: English, abstract: Charlotte Brontë's novel Jane Eyre was first published in 1847 in London, at a time when British Colonialism was growing increasingly important for both the provision of cheap labour and new markets abroad. The resulting wealth was crucial for Britain's economic rise and rendered possible the Industrial Revolution as well as an increased amount of political and military power over large parts of the world. Many critics have investigated Jane Eyre in feminist or marxist terms, the former because of Jane's astonishing female individuality for the time, and the latter because of the social mobility shown in the novel (Loomba 2005: 74). But since Charlotte Brontë lived during a time when the British Empire was at its peak, her writing was certainly influenced by a colonial belief system which is also present throughout Jane Eyre. [...] Wide Sargasso Sea by Jean Rhys picks up on that notion of the silenced mad woman locked in the attic of an old English manor. Although written in 1966, the novel is widely acknowledged as Jane Eyre's prequel and puts more emphasis on Antoinette's (as named by Rhys) life before she became the wife of a man who is never actually named but is usually identified as Edward Rochester and will be referred to as such in the course of this work. Since the plot of Wide Sargasso Sea starts in Jamaica a few years after the Emancipation Act of 1833, it is historically set in approximately the same time frame as Brontë's text but provides the reader with a much more conscious depiction of colonialist practices and thought. [...] The purpose of this thesis is to examine in which aspects Wide Sargasso Sea can be declared a rewriting of Jane Eyre and what features and characteristics allow the former to stand on its own as a novel. A selection of postcolonial th

Rewrite Dec 10 2020 In this thematic sequel to Gregory Benford's award-winning bestseller *Timescape*, a history professor finds that he is able to travel back to 1968, the year he was sixteen—here, he finds a slew of mentors with the same ability, including Robert Heinlein, Albert Einstein, and Philip K. Dick and becomes a successful Hollywood screenwriter until some wicked time travelers try to subvert him. It's 2002, and Charlie, in his late forties, is a bit of a sad-sack professor of history going through an unpleasant divorce. While flipping the cassette of an audiobook he gets into a car accident with a truck, and wakes up, fully aware as his adult mind, in his sixteen-year-old body in 1968. Charlie does the thing we all imagine: he takes what he remembers of the future and uses it for himself in his present, the past. He becomes a screenwriter, anticipating the careers of Francis Ford Coppola and Steven Spielberg, and then, in a 1980s life of excess, he dies, and wakes up again in his bedroom at sixteen in 1968. Charlie realizes things he didn't see the first time: that there are others like him, like Albert Einstein, Philip K. Dick, Robert Heinlein. In fact, there is a society of folks who loop through time to change the world for their agenda. Now, Charlie knows he has to do something other than be self-indulgent and he tries to change one of the events of 1968 in this clever thriller.

Refuse to Be Done: How to Write and Rewrite a Novel in Three Drafts Mar 13 2021 They say writing is rewriting. So why does the second part get such short shrift? *Refuse To Be Done* will guide you through every step of the novel writing process, from getting started on those first pages to the last tips for making your final draft even tighter and stronger. From lauded writer and teacher Matt Bell, *Refuse to Be Done* is encouraging and intensely practical, focusing always on specific rewriting tasks, techniques, and activities for every stage of the process. You won't find bromides here about the "the writing Muse." Instead, Bell breaks down the writing process in three sections. In the first, Bell shares a bounty of tactics, all meant to push you through the initial conception and get words on the page. The second focuses on reworking the narrative through outlining, modeling, and rewriting. The third and final section offers a layered approach to polishing through a checklist of operations, breaking the daunting project of final revisions into many small, achievable tasks. Whether you are a first time novelist or a veteran writer, you will find an abundance of strategies here to help motivate you and shake up your revision process, allowing you to approach your work, day after day and month after month, with fresh eyes and sharp new tools.

Rewriting Cultural Psychology Jun 23 2019 This volume is addressed to scholars as well as a popular audience, aimed to bridge the gap between academia and the general public. It deals with "who we are," concerning our sense of self and identity; and "how we live," concerning our ways of life in diverse cultures. It affirms that we may transcend our cultural-ethnic roots and redefine our identities, individual or collective. Transcendence opens the door not only to personal transformation but also to confront ethnic stereotypes and prejudices. Readers will gain fresh cultural knowledge from both the East and the West and be attuned to the theme of letting no ethnic group be alien to us. This book is at once about the immersion of life in culture and the remaking of culture by human action--reciprocal influence at work. □ The idea of immersion underscores the powerful cultural forces that shape our perceptions, thinking, and emotions. Unlike other cultural psychology texts, this volume dwells on the accelerating alterations of culture by human action, and hence the remaking of our own being, in the age of the Internet. In the author's own words: "I write with the passion of a person who has lived life from being marginal, neither Eastern nor Western, to being a world citizen; turned to English like a duck to the water, thus circumventing my handicap of Chinese orthographic dyslexia. I have two cultural parents, one Chinese and one Western, who transformed me into a thoroughly bilingual-bicultural person, empowered to build intercultural bridges. The East is rising, and the West can ill-afford to remain ignorant of the East."
