[And Yet...](#) May 29 2022 "This collection of essays brings together some of the finest pieces Hitchens published over the last two decades for the first time in one book, addressing with characteristic wit and erudition the subjects he is best known for, including: the case against God, faith and religious observance; the case for intervention in Iraq; indictments of towering political figures like Bill and Hillary Clinton, Tony Blair, and Henry Kissinger; and celebrations of the writers and thinkers whose work meant most to him"--

[Too Much Free Speech?](#) Apr 15 2021 In [Too Much Free Speech?](#), Randall P. Bezanson takes up an essential and timely inquiry into the Constitutional limits of the Supreme Court's power to create, interpret, and enforce one of the essential rights of American citizens. Analyzing contemporary Supreme Court decisions from the past fifteen years, Bezanson argues that judicial interpretations have fundamentally and drastically expanded the meaning and understanding of "speech." Bezanson focuses on judgments such as the much-discussed Citizens United case, which granted the full measure of constitutional protection to speech by corporations, and the Doe vs. Reed case in Washington state, which recognized the signing of petitions and voting in elections as acts of free speech. In each case study, he questions whether the meaning of speech has been expanded too far and critically assesses the Supreme Court's methodology in reaching and explaining its expansive conclusions. Bezanson's measured approach and deep insights reveal the complexities of speech in the realms of human behavior and constitutional law. His wide-ranging analysis of relevant Supreme Court cases arms readers with the facts and perspectives necessary to reach independent

conclusions about whether the Court's conduct befitted the independent judicial branch and to understand the consequences of its decisions for a representative democracy.

Reflections on the Commemoration of the First World War Apr 27 2022 The First World War's centenary generated a mass of commemorative activity worldwide. Officially and unofficially; individually, collectively and commercially; locally, nationally and internationally, efforts were made to respond to the legacies of this vast conflict. This book explores some of these responses from areas previously tied to the British Empire, including Australia, Britain, Canada, India and New Zealand. Showcasing insights from historians of commemoration and heritage professionals it provides revealing insider and outsider perspectives of the centenary. How far did commemoration become celebration, and how merited were such responses? To what extent did the centenary serve wider social and political functions? Was it a time for new knowledge and understanding of the events of a century ago, for recovery of lost or marginalised voices, or for confirming existing clichés? And what can be learned from the experience of this centenary that might inform the approach to future commemorative activities? The contributors to this book grapple with these questions, coming to different answers and demonstrating the connections and disconnections between those involved in building public knowledge of the 'war to end all wars'.

Doreen Mar 15 2021 Doreen (1917), the third C.J. Dennis' publication, extends on The Songs of the Sentimental Bloke narrative. A House to Remember Jul 31 2022 What happened at 10 Rillington Place was so shocking and gruesome that even today everyone over a certain age still remembers the case with a shudder. In 1950, Timothy Evans was hanged for the violent murder of his baby daughter; he was also assumed to have murdered his wife. Then, less than three years later, another tenant, John Christie, was found to have killed at least six women, hiding their bodies in the garden, under floorboards and in a concealed kitchen alcove. Christie followed Evans to the gallows. It seemed unlikely that two murderers were living at 10 Rillington Place, and the evidence that emerged in the Christie case eventually led to Evans receiving a pardon. But there was also circumstantial evidence that Evans had

indeed killed his wife and child. Crime student Edna Gammon firmly believes that Evans was guilty. In *A House To Remember*, she explains why.
