*Motorized Obsessions* Jun 25 2019 2008 Outstanding Academic Title, Choice Magazine From dirt bikes and jet skis to weed wackers and snowblowers, machines powered by small gas engines have become a permanent—and loud—fixture in American culture. But fifty years of high-speed fun and pristine lawns have not come without cost. In the first comprehensive history of the small-bore engine and the technology it powers, Paul R. Josephson explores the political, environmental, and public health issues surrounding one of America's most dangerous pastimes. Each chapter tells the story of an ecosystem within the United States and the devices that wreak havoc on it—personal watercraft (PWCs) on inland lakes and rivers; all-terrain vehicles (ATVs) in deserts and forests; lawn mowers and leaf blowers in suburbia. In addition to environmental impacts, Josephson discusses the development and promotion of these technologies, the legal and regulatory efforts made to improve their safety and environmental soundness, and the role of owners' clubs in encouraging responsible operation. Synthesizing information from medical journals, recent environmental research, nongovernmental organizations, and manufacturers, Josephson's compelling history leads to one irrefutable conclusion: these machines cannot be operated without loss of life and loss of habitat.

*Jet Ski Inventor Autobiography* Apr 27 2022 Autobiography- Clayton Jacobson Inventor, of personal watercraft uses up nine lives before he is thirty and was just warming up in this full, unabridged story of his lifetime. Personal pictures portray his talents, relationships, openness and honesty. "Jake" recounts the truth about ego. Parker Strip is risqué water sport party place, this off-road capital is the playground and launch pad of Jacobson's invention of personal watercraft. The book is a full account of his travels, stories about the Parker Strip. He is extremely honest in his views and adventures. Personal Water Craft Magazine introduces this book and the tone for what is to follow, fast cars, motorcycles, jet ski stories, Seaplanes and gorgeous women. Adventure understates the venue!
